

INCIDENT MANAGEMENT SITUATION REPORT
TUESDAY, JUNE 13, 2006 – 0530 MDT
NATIONAL PREPAREDNESS LEVEL 2

CURRENT SITUATION:

Initial attack activity was light nationally with 87 new fires reported. Four new large fires (*) were reported in the Southwest Area. Three large fires were contained, one each in the Southwest, Southern California and Western Great Basin Areas. Very high to extreme fire indices were reported in Alaska, Arizona, California, Colorado, Mississippi, New Mexico, Nevada, North Dakota, Texas and Utah.

SOUTHWEST AREA INCIDENTS/LARGE FIRES:

POTATO COMPLEX, Apache-Sitgreaves National Forest. A Type 2 Incident Management Team (Raley) will assume command today. This complex is 10 miles northwest of Heber-Overgaard, AZ in pinyon pine, juniper and grass. A major power line supplying Phoenix and Tucson, the community of Chevelon Retreat, and cultural resources remain threatened. A mandatory evacuation of Chevelon Retreat is in effect. Steep terrain and heavy fuel loading are impeding containment efforts. Rapid wind driven runs were reported.

NAVAJO MOUNTAIN 1, Navajo Regional Office, Bureau of Indian Affairs. A Type 1 Incident Management Team (Oltrogge) has been ordered. This fire is near Page, AZ in southern rough. A communications facility is threatened. Remote area and difficult vehicle access are hampering containment efforts.

BLACK MOUNTAIN COMPLEX, Phoenix District, Bureau of Land Management. A Type 2 Incident Management Team (Philbin) is assigned. This fire is 11 miles northeast of Bullhead City, AZ in brush. The complex consists of the Union, Secret, Nutt, and Airpark fires. The Union and Nutt fires are 100 percent contained. Minimal fire activity was reported.

RANGER 2, Truxton Canyon Agency, Bureau of Indian Affairs. A Type 2 Incident Management Team (Reinarz) is assigned. This fire is 50 miles northwest of Peach Springs, AZ in brush and grass. Smoldering and limited fire spread were reported. Heritage resources are threatened.

SKATES, Gila National Forest. A Fire Use Management Team (Hall) is assigned. This lightning caused Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is burning 12 miles northeast of Silver City, NM in timber. State Highway 15 was temporarily closed due to burn out operations. Moderate fire behavior with short duration runs was reported.

WILLOW, Coronado National Forest. This fire is 15 miles south of Sonita, AZ in grass. Smoldering and creeping were reported. Reduction in acreage is due to more accurate mapping.

CREWS, Cimarron District, New Mexico State Forestry. This fire is 12 miles southeast of Raton, NM in pinyon pine and juniper. Single and group tree torching were observed. No further information was received.

WEST, Kaibab National Forest. This lightning-cause Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is burning eight miles southeast of Tusayan, AZ in timber. Backing and flanking fire with occasional torching was reported.

WILSON, Gila National Forest. This lightning-cause Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is burning eight miles northeast of reserve, NM in grass and understory. Isolated torching and short uphill runs were reported. Burn out operations continue. This will be last narrative report unless significant activity occurs.

INDIAN, Kaibab National Forest. This fire is 19 miles southwest of Jacob Lake, AZ in grass. Creeping, smoldering and isolated torching were reported.

MARTINEZ, Gila national Forest. This lightning-cause Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is burning 12 miles southwest of Reserve, NM in timber and grass understory. A wind driven run to the north was reported. This will be the last narrative report unless significant activity occurs.

BRUSHY, Gila national Forest. This lightning-cause Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is burning two miles west of Glenwood, NM in brush and slash. Short duration runs and torching were observed. This will be last narrative report unless significant activity occurs.

EASTERN GREAT BASIN AREA INCIDENTS/LARGE FIRES:

ANNABELLA, Fish Lake National Forest. A Type 1 Incident Management Team (Muir) is assigned. This fire is three miles southwest of Annabella, UT in timber. Seasonal residences remain threatened. Steep, rugged terrain, heavy fuel loading, and difficult access are impeding containment efforts. Creeping, smoldering and interior burning were reported.

NORTH SAND MOUNTAIN, Richfield Field Office, Bureau of Land Management. This fire is 25 miles west of Nephi, UT in grass, brush and pinyon pine. Torching and creeping were observed.

ALASKA AREA INCIDENTS/LARGE FIRES:

PARKS HWY, Fairbanks Area Forestry, Alaska Division of Forestry. A Type 2 Incident Management Team (Kurth) is assigned. This fire is one mile southeast of Nenana, AK in black spruce, tundra and grass. Numerous residences and recreational cabins, native allotments, commercial property and utility infrastructure remain threatened. Structure protection is in place. A voluntary evacuation notice has been lifted. The Parks Highway has been reopened, but smoke remains a hazard. Running, crowning, torching and spotting were reported.

JARVIS CREEK, Delta Area Forestry, Alaska Division of Forestry. This fire is eight miles south of Delta Junction, AK in black spruce and grass. High winds continue to impede containment efforts. Smoldering was reported.

OUTLOOK:

Red Flag Warnings: Tuesday afternoon and evening for most of Utah for strong south winds and low relative humidity. For the southern and eastern deserts for strong southerly winds and low relative humidity. For parts of west central and far southern Nevada due to gusty winds and low relative humidity, and for parts of southern and southeastern Nevada for scattered dry thunderstorms, gusty winds and low relative humidity at the surface. For portions of northwest and northern Arizona for strong winds and low relative humidity.

Fire Weather Watches: In effect Tuesday for parts of central and east central Nevada due to gusty winds and low relative humidity.

Weather Discussion: Dry and windy conditions will continue over the Great Basin, southeast California, northwest Arizona, and the western Rocky Mountain Area. Isolated dry thunderstorms are possible over portions of the Great Basin and the Four Corners region today. A high pressure ridge will begin to build into eastern Alaska with potential for afternoon thunderstorms across the interior. Borderline Hurricane / Tropical Storm Alberto will make landfall today on the Gulf Coast southeast of Tallahassee, Florida.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
Southwest Area Partly cloudy, continued dry and windy to breezy across Arizona and far western New Mexico. Mostly sunny and hot across parts of eastern New Mexico and west Texas, except partly cloudy with isolated thunderstorms across the eastern New Mexico and west Texas. Isolated dry thunderstorms across western New Mexico.	90 to near 107 lower elevations. 70 to 90 mountains.	5 to 15%, except 15 to 30% portions of west Texas.	Southwest 15 to 30 mph and gusty across much of northern Arizona and northwestern New Mexico. South to east 10 to 20 mph eastern New Mexico and west Texas. West to southwest 5 to 15 mph elsewhere.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
Eastern Great Basin Idaho, Bridger-Teton: Partly cloudy. Scattered thunderstorms western Idaho, isolated thunderstorms eastern Idaho. Strong winds near thunderstorms. Northern Utah: Sunny, dry and windy. Isolated dry thunderstorms in west deserts. Southern Utah, Arizona Strip: Sunny, dry and windy. Isolated dry thunderstorms.	Idaho, Bridger-Teton: 60 to 72 mountains, 72 to 87 valleys. Northern Utah: 73 to 81 mountains, 81 to 97 valleys. Southern Utah, Arizona Strip: 73 to 83 mountains, 83 to 103 valleys. 100 to 110 low deserts.	Idaho, Bridger-Teton: 20 to 32% mountains, 15 to 25% valleys. Northern Utah: 13 to 17% mountains, 5 to 13% valleys. Southern Utah, Arizona Strip: 10 to 17% mountains, 4 to 10% valleys.	Idaho, Bridger-Teton: South to southwest 10 to 15 mph. Northern Utah: South 30 mph western half, South 15 to 25 mph eastern half. Southern Utah, Arizona Strip: South 25 mph.
Alaska Area Partly to mostly cloudy with a few showers or thunderstorms in the central and eastern interior.	60s to around 80.	25 to 45%.	West to southwest winds 10 to 20 mph.
Southern California Area Areas of morning low clouds and fog to the lower coastal slopes, otherwise mostly sunny.	65 to 80 mountains. 70 to 80 valleys. 80 to 90 upper deserts. 95 to 105 lower deserts.	50 to 70% coastal areas. 30 to 50% valleys and coastal slopes. 15 to 30% mountains. 10 to 20% deserts.	Southeast to southwest 10 to 20 mph with higher gusts.
Western Great Basin Area Isolated to scattered showers and thunderstorms across the north. Windy across the south and east with scattered dry thunderstorms across parts of southeastern Nevada.	Northern valleys: 66 to 86. Southern valleys: 81 to 108. Northern mountains: 55 to 75. Southern mountains: 70 to 80.	Northern valleys: 15 to 30%. Southern valleys: 8 to 18%. Northern mountains: 20 to 40%. Southern mountains: 15 to 20%.	South to southwest at 5 to 10 mph increasing to 10 to 30 mph with afternoon gusts of 40 to 45 mph across eastern, central and southern Nevada.
Rocky Mountain Area Isolated dry lightning in northwest Wyoming, otherwise hot, dry and breezy.	Lower to mid 90s, with 70s to lower 80s in the mountains.	5 to 15%, with 15% to 25% in the mountains.	Southwest 10 to 20 with gusts near 25 mph over Colorado and Wyoming. East to southeast 10 to 20 mph elsewhere.
Eastern Area A chance of showers and a few thunderstorms over Minnesota, northern Wisconsin, and the Upper Peninsula of Michigan. Lingering showers over northern New England. Fair elsewhere.	65 to 70 over the Upper Peninsula of Michigan. 70 to 75 across New England. Middle 70s to lower 80s elsewhere.	35 to 40% across the northern Great Lakes. Greater than 40% elsewhere.	Light to moderate winds over the Eastern Area.
Southern Area No information was reported.
